There's Always Next Time.

When you take advantage of Rail Europe's 75% off promotion, you're able to see some of the fantastic things in Europe you missed the first time around. Buy a rail pass now and receive a 25% credit towards your next purchase.

HERE'S HOW IT WORKS:

Buy a rail pass between May 8th, 2009 and June 30th, 2009 and you will get a credit for 25% of the value of that rail pass. You can apply this credit to your next rail purchase made by December 20th 2009. The dollar value of your future purchase must be at least 1.34 times the dollar value of your credit. This will allow you to use your credit. Please see terms and conditions for more details.

FOR EXAMPLE:

Buy a \$600 rail pass and get a credit for \$150 (that's 25% of \$600).

On your next purchase you can save \$150 when you buy any rail product worth at least \$200.

That's a savings of 75% on your purchase!
